Reliable Reports Licenses Myriad's Risk Manager System

AUSTIN, Texas, May 8 /PRNewswire/ -- Myriad Development, Inc. is pleased to announce that Reliable Reports, Inc. (Reliable), a leading national provider of personal lines, commercial lines, telephone and data reporting solutions to the P&C insurance industry, has chosen to license Myriad's Risk Manager inspection system to automate the receipt, processing and delivery of property inspection reports for their national field service inspection program.

"Our goal of forging business partnerships with our customers will be greatly enhanced with Risk Manager," says Skip Coan, Executive Vice President of Business Development of Reliable. "Risk Manager is one more tool which Reliable will use to exceed the expectations of our clients and grow our rapidly expanding client base."

Risk Manager is a web-based workflow and management tool that automates the highly labor-intensive home inspection process, achieving significant cost savings for clients. Reliable's unique processes allows for sensitivity to the legislative requirements of the insurance industry in all facets of its services, from personal lines services, to loss control and commercial services, to underwriting services. Reliable provides data integration between its proprietary web-based workflow technologies and the Myriad Risk Manager system, increasing underwriting automation solutions available to carriers and insurance professionals.

"We are very pleased to be working with Reliable Reports," says Dick Brooks, Senior Vice President of Myriad. "They understand the property and casualty industry, and provide an outstanding level of professionalism and service. By integrating Risk Manager in their business processes, Reliable's plan of setting a new industry standard for technology will be a huge benefit to their customers."
